---

At any time during the massage, you can choose to stop or modify the treatment. If you have any questions or concerns about massage therapy or your treatment, please talk to your therapist. During the treatment, you will be draped with sheets. The draping will only uncover the area being worked on at the time. You may choose to remove or leave on clothing according to your level of comfort.

You may experience some soreness or discomfort the day after your massage. If this happens it is important to let the therapist know so that your next treatment can be modified. Your therapist will have suggestions on how to prevent the discomfort from occurring.

**We require 24 hours' notice when cancelling or rescheduling an appointment. You will be charged in the event of a missed appointment.**

I have read and understood the above and agree to massage therapy treatment.
